Wine holidays !

We offer the unique experience of living in places where has always been the man who meets nature, A wine tourism where good wine is king and where the emotions of taste are home. A journey that wants to meet the visitor with the beauty of nature, with himself and with others.

There was nothing to invent, it was sufficient to look through time and meet the Etruscans, Romans, Byzantines, Carthaginians, Umbrians, the Pilgrims of the Middle Ages or Renaissance artists such as Perugino. In every generation that followed, the wine was mate.

In our area the 5 senses are continually solicited: taste, sight, touch, smell and hearing, through an itinerary full of memory, culture, nature and flavours. The look on our hills shows the screws as valuable crops, located on the edge of a forest or a grove, fields of sunflowers and wheat.

Our Relais Villa Valentini is situated in a strategic position.
